

TransForce Compliance and Safety

Keeping Drivers and Carriers Safe and Compliant

Your *only* one-stop
DOT audit solution

TACC

**TransForce Automated
Compliance Center**

TACC is a one-stop DOT audit solution that will help your business **become and stay** DOT compliant. With easy-to-use, cloud-based dashboard control and compliance monitoring, TACC relieves the worry about surprise audits and gives you more confidence to run your business.

How We Make DOT Compliance Easy

Commercial Drivers

- Applicant Processing/ Tracking
- Driver Qualification File Management/ Maintenance
- Drug & Alcohol Compliance and Management
- Driver Communication/ Coaching

Fleet Management

- Maintenance Record Management
- Relevant Document Monitoring
- Accident Tracking
- Out of Service Tracking/ Control

Carrier (Entity) Management/ Administration

- International Registration Plan Schedule C
- Fuel Tax Reports
- Trip Sheets
- Quarterly Mileage Reports

“With this platform, nothing falls through the cracks. We are always DOT-ready.”

— **Lauren Myers**, President, William Thomas Trucking

Enforcement of DOT Regulations is Increasing

You may be at risk if you're dealing with:

- Impending DOT audits
- Lack of MVR monitoring
- Decentralized file management
- Total reliance on paper files
- Manual drug/alcohol testing
- Increased DOT crashes and OOS violations
- At-risk of an intervention carrier status
- Rapid growth expectations
